# GREENS & HERBS

## **Broccoli** *Gypsy*

Large, healthy plants have good heat tolerance. Prolific side shoot producer for continuous harvests!

## **Cabbage** *Caraflex*

Leaves are tender, crunchy, and have an excellent, sweet, mild cabbage flavor. Perfect for summer salads, slaws, or cooked dishes. We love this variety for its fun cone-shaped head!

## **Cabbage** *Tendersweet*

Tender leaves are very thin, sweet, and crisp — perfect for coleslaw or stir-fries. The leaves, used whole or cut into squares, are also suitable for wraps.

**Basil**  
*Prospera*

Genovese-type with a highly productive habit. Leaves are large and cupped with a slightly sweet and spicy aroma. Perfect for pesto, pizzas, caprese salads, and more!

**Cilantro**  
*Calypso*

Classic cilantro flavor, perfect for toppings and salsa. Prefers cooler weather, but this variety is more heat tolerant and slower to bolt than most.

**Herb Mix**  
*Basil*  
*Parsley*  
*Cilantro*  
*Dill*

Jump start your kitchen herb garden with this four-herb mix. Great for containers or in-ground planting!

**Italian**  
**Parsley**  
*Giant of Italy*

Huge, dark green leaves with great flavor are perfect for sauces and topping your favorite salads.

**Green  
Curly Kale**  
*Winterbor*

Long-season green curly kale with excellent yield and good cold-hardiness. Keeps going all season long!

**Rainbow  
Chard**  
*Bright Lights*

Long-season rainbow chard. Spinach's heat-tolerant cousin, chard keeps producing lush green leaves all season long.

**Green Leaf  
Lettuce**  
*Starfighter*

Heat-tolerant, disease-resistant green leaf lettuce. Perfect for summer salads.

**Lettuce Mix**  
*Salanova Mix*

A mix of green and red head lettuces with delicate flavor

# PEPPERS

## **Hot Pepper**

*Jalafuego*

*Jalapeno*

Wonderful flavor with the perfect amount of heat. Can be used fresh or dried.

## **Hot Pepper**

*Hungarian Hot*

*Wax*

Hot pepper; perfect for pickling, stuffing, and frying. Plants do well even during cooler summers. Fruits ripen from yellow to orange to red and can be used at each stage.

## **Hot Pepper**

*Red Ember*

*Cayenne*

Hot Pepper; great for fresh eating or drying. Has a good kick to it but not super-spicy.

**Sweet Bell  
Pepper**

*X3R Red Knight*

Early, green-to-red pepper with a fruity and sweet flavor. A very reliable red pepper variety.

**Sweet Italian  
Pepper**

*Carmen (Red)*  
*Oranos (Orange)*  
*Lively Yellow*

Corno di Toro-type Italian peppers are deliciously sweet and typically mature faster than bell peppers. Perfect for grilling, frying, and roasting.

**Mini Sweet  
Pepper Mix**  
*(Red, Orange,  
& Yellow)*

Colorful, easy-to-grow peppers! Bountiful yields of small, nearly seedless fruit that are perfect for snacking. Exceptionally sweet. Each pack has a mix of plants for a variety of sweet, colorful peppers.

# TOMATOES

**Cherry  
Tomato**  
*Cherry Bomb*

Plants produce early yields and keep going all season with vivid red fruits for snacking, salads, and more. Classic cherry tomato flavor — firm, sweet, and well-balanced.  
*Indeterminate*

**Cherry  
Tomato**  
*Sun Orange*

Prolific producer of super-sweet orange cherry tomatoes. Lower acidity than many other varieties. Perfect for snacking and salads. Better than candy! *Indeterminate*

**Cherry  
Tomato**  
*Citrine*

Deliciously sweet orange slicer with excellent disease resistance. *Indeterminate*

**Slicing  
Tomato**  
*Big Beef*

Unsurpassed as the top choice for fresh beefsteak tomatoes. Fruits have full flavor and ripen early for their size. *Indeterminate*

**Slicing  
Tomato**  
*Early Girl*

Early-maturing red slicing tomato. Very drought tolerant. *Indeterminate*

**Yellow  
Slicing  
Tomato**  
*Lemon Boy*

Vibrant yellow color with a sweet, tangy flavor. Excellent disease resistance. *Indeterminate*

**Pink Slicing  
Tomato**

Type Tomato**  
*German  
Johnson*

Early, uniform, and highly productive pink heirloom type with acidic tomato flavor. *Indeterminate*

**Heirloom-  
Type Tomato**  
*Indigo Apple*

Unique black tomato with deep tomato flavor. This variety is high in anthocyanin, a powerful antioxidant. *Indeterminate*

**Heirloom-  
Type Tomato**  
*Marsalato*

Beautiful fruits with a meaty texture and tangy tomato flavor. Strong disease resistance. *Indeterminate*

**Heirloom-  
Type Tomato**  
*Harvest Moon*

New organic variety that combines the delicious flavor of Striped German heirloom tomatoes with improved disease resistance and a more compact growing habit.  
*Indeterminate*

**Heirloom  
Tomato**  
*Green Zebra*

Green-striped salad specialty. A delicious, tangy salad tomato that is ripe just as the green fruit develops a yellow blush, accentuating the darker green stripes.  
*Indeterminate*

## CUCUMBERS, ZUCCHINI, & MELONS

**Slicing  
Cucumber**  
*Marketmore 76*

Long, slender, dark green cucumbers perfect for fresh eating. Plants begin bearing late, but produce for a relatively long time.

## **Watermelon**

*Dark Belle*

Deliciously sweet and juicy red watermelon with a fun football shape. A Gwenyn Hill staff favorite!

## **Watermelon**

*Cathay Belle*

A classic red watermelon: sweet and juicy.

## **Watermelon**

*New Orchid*

Beautiful melon with a yellow interior. Sweet and delicate floral flavor.

## **Zucchini**

*Desert*

A prolific producer of dark green zucchini. Strong disease resistance.

# FLOWERS

## **Zinnia Mix** *Benary's Giant*

Bring your garden to life with easy-to-grow, colorful zinnias that will keep blooming all season long! Add them to floral arrangements or just enjoy the rainbow in your garden.

## **Snapdragon Mix**

Snapdragons are a favorite here at the farm. They do well in a wide range of weather conditions and keep producing beautiful blooms all season long.

## **Dried Flower Mix**

*Straw Flower*  
*Statice*  
*Gomphrena*  
*Craspedia*

The flowers in this mix bloom all summer long and work well in both fresh and dried arrangements. Experience the joy of dried flower arranging during the cold winter months!
